

Careless Shampooing Spoils the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Mulsified coconut oil shampoo (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Mulsified coconut oil shampoo at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months.

STOVE STARTS FIRE IN DIRKEE LANE

A red hot stove was responsible for a blaze that badly damaged the two-story frame building in Dirkee lane occupied by Reuben Shapiro in connection with his wood yard business Wednesday afternoon about 4:45 o'clock.

Shapiro was out delivering a load of wood at the time the fire broke out, and two small girls were the only ones around the place. The stove was located in the office of the building, which was locked. The children noticed smoke coming from the building. One of them went into the Bulletin office and said the thought there was a fire in the building and the other ran to the brickyard furniture store across the street. A telephone call was sent to the Central fire station from the Bulletin office and Mr. Bruckner also called the fire department by telephone. The same time the station. The auto pumper and deputy chief's car responded and when they arrived the flames were rapidly gaining headway and fireman Walter Huntley, driver for the deputy chief, pulled in box 225, Franklin and Willow streets, crossing over the Main street and West Side company and the aerial truck from the Central station.

Two lines of hose quickly laid were sent to the fire and it was soon under control. A quantity of baled hay on the second floor of the building was badly damaged and the flames broke through the roof near the chimney.

A horse which was in the barn at the time the fire broke out was untied and driven out of the building by two men. The recall was sounded at 5:06 o'clock. The building is owned by the Crane Realty company and the loss is estimated at several hundred dollars.

On the way to the fire the West Side chemical laid a skid chain and through the station to the station. The auto pumper and deputy chief's car responded and when they arrived the flames were rapidly gaining headway and fireman Walter Huntley, driver for the deputy chief, pulled in box 225, Franklin and Willow streets, crossing over the Main street and West Side company and the aerial truck from the Central station.
